Being an exponent of Linguistic Science, my area of expertise includes Computational Linguistics, Translation, Creation of Technical terms, Writing Grammar for Tribal languages and Language Teaching (Tamil/ English).

- ➢ The industries like IT industries, popular Media industries etc can make use of my expertise and service for preparing language oriented programs like
    - o Teaching – Learning Computer programming
    - o Computer oriented evaluation programming
    - o Translation Software (between English and Tamil and Vice versa)
    - o Speech to Text and Text to Speech Synthesizers between Tamil and English
    - o Translation of Technical terms
    - o Corpora creation for languages (Major- Minor, Minority and Tribal languages- spoken in   and around Tamil Nadu)
- ➢ I have a rich wealth of experience in Tamil computing and its related areas for employing Computer technology in teaching and testing of languages and Translation.

- ➢ Thus, I can extend my consultancy service in the following areas
1) Writing grammar for unwritten languages for the Central Government Agencies.
2) Translation of Technical Terms and Creation of Terms in /Tamil for their English counter parts especially for administration and IT companies like TCS etc
3) Preparing Computer Aided Tamil and English Language Teaching and Testing Devices employing Computer Programming as Natural Language Processing.
4) Compiling corpus for Electronic Dictionary (e-dictionary) for Tamil language.
5) Imparting Linguistic Training for the Medical Personnel who are involved in dealing with Speech Pathology.
6) Imparting training for School and College Language Teachers in the aspects of Phonetic and Grammar Teaching.
7) Imparting training for Media Personnel in the aspect of "Language Use in Media".
