"MicCon25"

An International Conference on
"Microbes: Friends or Foes?"

About the Conference

"MicCon25", An international conference on the occasion of International Microorganism Day on 31 October 2025 organized by Department of Microbial Technology, School of Biological Sciences, Madurai Kamaraj University in association with **IMD, FEMS (Federation of European Microbiological Societies)** in both online and offline mode. It will be an opportunity to design a top-notch scientific programme including scientific sessions, keynote addresses, and a range of other events for attendees from all around the world.

Conference Theme: Honoring the contributions and an insight into the contemporary and future perspectives of Microorganisms.

Madurai Kamaraj University

Madurai Kamaraj University is one of the most dynamic and vibrant universities in India providing par excellent educational opportunities in higher education for the student community in particular for those coming from the lower socio-economic background. MKU offers innovative postgraduate academic programmes that inculcate personal and professional enrichment leading to the formation of the effervescent scholarly community and thus facilitating the production of thoughtful, resourceful, insightful and responsible citizens for the last five decades. Our vision is to make the university as the most preferred institute for young men and women who are aspiring for productive careers. We wish to develop them as young entrepreneurs and future professionals of global standards.

School of Biological Sciences

School of Biological Sciences is one of the eminent school in Madurai Kamaraj University. The UGC had recognized the School of Biological Sciences for continuous support through several levels of assistance such as COSIP, DRS, COSIST, DSA (Phase I, II and III) and Centre of Advanced Studies (CAS) in Functional Genomics (Phase I, II & III), Centre with Potential for Excellence in Genomic Sciences (CEGS) (Phase I and II), and also through Networking Resource Centre in Biological Sciences (NRCBS Phase I & II). SBS has made 8 FASc, 7 FNA, 5 FNASc, 2 FAM and 2 TWAS Academy Fellows and 4 TANSA and Shanthi Swarup Bhatnagar Awardees.

Department of Microbial Technology

The Department of Microbial Technology (DMT) is committed towards international excellence in research, teaching, and mentoring for production of graduated students with high caliber and morality. Our mission is enduring to address questions using innovative approaches in microbial and non-microbial systems to lead the society. The workforce is also committed to excellence in graduate training and teaching through research and career development activities.

Aim and Objectives of the Conference

- The objective of the conference is to raise awareness among young people and the society in general on the essential role that microorganisms play in our health, environment and quality of life, as well as of their biotechnological potential.
- To promote young researchers to study and pursue research in the field of applied biological sciences.
