**Year of Academic and Administrative Audit (AAA): 2014-15**

<b>S. No.</b>	<b>Criterion</b>	<b>Recommendation/Suggestion on by External Experts</b>	<b>Action Taken Report</b>
1.	Curriculum	Current environmental issues and problems are updated in the design of the syllabus of disaster management, SCUBA diving, solid waste water management, marine microplastics	The curriculum was well designed and updated, covering current environmental issues and problems. The Disaster Management course dealing with flood and draught mitigation measures, fire prevention activities was included. Methods of converting biodegradable solid wastes into organic manure have also been included in the curriculum. As part of banning plastics at various levels by Government of Tamil Nadu, alternatives such as bio-plastics can be prepared out of biological waste. The employability and skill development courses such as Scuba Science, Oceanography, Biodiversity, Aquaculture, Marine Ornamental Fish Culture, Biostatistics, Bioinformatics, and Marine Natural Products are also taught.
2.	Teaching, Learning & Evaluation	CBCS syllabus is followed. ICT based teaching, field visit, industrial visit are incorporated. Academic autonomy is practiced. The results are declared within a week.	The teachers were following the ICT enabled teaching. The students were taken to field and industrial visits regularly. The results were published as per the norms of the University.
3.	Research, Consultancy & Extension	Extramural research funding is very good; consultancy in biodiversity; GIZ, Germany; solar devices testing and certification (BIS & NABL) are undertaken. Research publications are very good. Ph.D output is good. Environmental awareness, Beach cleaning and village adoption programmes are adopted.	The teaching faculty of the school got sanctioned research projects, consultancy project from various funding agencies and other companies. The research articles were published in referred journals with high impact factors. Regularly the extension activities like environmental awareness and, beach clean-up programmes were undertaken. School has adopted a village, Vellaiparaipatti village under village adoption programme.
4.	Infrastructure & Learning Resources	Library and laboratory facilities are good. Wi-fi access to all students and scholars available. INFLIB NET for access the	The students and research scholars were utilizing the wi-fi, internet and e-journals for their academic and research activities from the university and school libraries.

		journals also available. Research facilities extended for outside students. Students are encouraged to take up summer internship from other institutions.	
5.	Student Support & Progression	Student redressal committee is practiced. Students are motivated for competitive exams. DST-PURSE, UGC-BSR Fellowships, Non-NET Fellowship and USRF are offered.	The students were joined as BSR fellow sanctioned by the UGC. The students were also availed the non-net fellowships given by the University. Also the scholars selected through DST-PURSE programme were undertaking their research in this school.
6.	Governance, Leadership & Management	School autonomy for both academic and finance practiced well.	The teaching faculty were utilizing the School autonomy for operating their research projects and for other academic activities.
7.	Innovation and Best Practices	Inter and Multi disciplinary approach followed in the environment and energy related problems.	The school has provided inter and multi-disciplinary research programmes such as Solar Thermal devices and their applications; biomass gasification with different feed stocks; underwater SCUBA diving techniques; Sub-Aqua Marine Ecology and Marine Environmental Monitoring studies to their students and research scholars.

**Name of the School: School of Indian Languages**

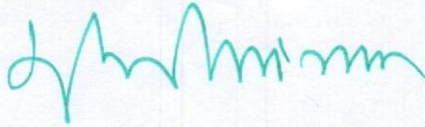

**Year of Academic and Administrative Audit (AAA): 2014-2015**

S. No	Criterion	Recommendation/Suggestion by External Experts	Action Taken Report
1	Curricular Aspects	The curriculum has to be revamped to meet the contemporary needs	Steps are being initiated to revamp syllabi
2	Teaching Learning & Evaluation	The process of Teaching and learning is really appreciable because it is based on new methods of teaching and learning. The process of Evaluation is also admirable because students are also involved in evaluating the methods of teaching and the course content. Then, feedbacks are also collected from the students.	Action is taken to enrich library with more books and journals
3	Research Consultancy and Extension	Research activities are successfully carried out with different dimensions. All the research guides have maximum number of researchers under them with innovative research topics. Professors and researchers, both are participating in different research activities in and out the school, like participating in School research seminars, National and International seminars and conferences organized by other schools and institutions.	More initiation has been taken to give importance for research projects
4	Infrastructure And Learning Resources	Each dept must have two smart class rooms instead of one so that both PG classes be taught with ICT supported teaching and learning. Seminar Hall of the school must be equipped and well-furnished.	Representation is given for basic infrastructures of school
5	Student Support and Progression	Students of Kannada dept are supported by Karnataka Government with sufficient financial assistance. The University must support the students of other remaining departments as well, because lack of financial support impacts the enrollments badly. No one passed out of the school is unemployed.	Steps are taken to initiate students for fellowships from various funding agencies
