Call for Junior Research Fellow (JRF) position

Applications are invited from the eligible candidates for a Junior Research Fellow to work in a SERB sponsored research project to work on “Alternative splicing of the fetal RNA genes during cardiac remodeling”

Qualifications: M.Sc in Life Sciences with good academic records. Experience in animal handling, RNA isolation from cells/tissue, PCR and molecular biology is desirable. Candidates who are interested to pursue PhD in Biotechnology are preferred.

Fellowship: The duration of the fellowship is until the end of the project period. The amount of fellowship will be as per the norms of SERB.

Last Date of Application: 25.01.2023

Application procedure: Send your CV along with a recent photograph with two reference letters addressed to

Sankar Natesan, PhD
Principal Investigator
Dept. of Genetic Engineering
School of Biotechnology
Madurai Kamaraj University
Madurai-625021

A copy of the application can be emailed to sankar.mku.mailbox@gmail.com in a single pdf file. Type **JRF application** in the subject line.

Incomplete applications will not be considered. The shortlisted candidates will be called for an entrance examination followed by interview and the intimation will be sent only through email.

For further details, Contact the above address/email.
